"Adolf Hitler is the greatest leader the white race ever had."

Church of the Creator founder, Ben Klassen

What I have to say [] is *probably* going to shock you. It might even profoundly shake up some of your most cherished superstitions and pet presumptions that you may have nurtured all your life! without, *perhaps*, ever bothering to examine the validity or worthiness of those presumptions.

This discussion is going to delve seriously into **race and religion**. Two subjects which our power establishment tells us we must never discuss... unless, of course, you are a Jew or a Black or some other so-called minority.

Today, we are going to defy the Jew-controlled power structure and discuss race and religion from the White man's point of view. In particular, we are interested in examining whether we - the White race - are going to survive... or whether we are going to be mongrelized! and destroyed in a floodtide of parasitical coloured races!?

Therefore, I want you to decide early in this presentation whether you are interested in the survival of your own kind! Or, whether you prefer to be a traitor to the White race. - and would just as soon see it wiped from the face of the earth and supplanted by niggers, Blacks, yellows, Semites and other mud races. For - make no mistake about it - the White race is a highly endangered species! a vanishing species. one that its enemies have decided must disappear from the face of the earth.

If suicide of your own kind is what you wish to see... now is a good time to stop reading. If, on the other hand, you are loyal to your own kind and wish the White race to survive and prosper...! then you undoubtedly are not only interested in hearing about the **Church of the Creator** but also becoming a member of our religious movement.

The creed and philosophy of our religion - called "Creativity" - is set forth in our book, "*Nature's Eternal Religion*." ¹ It is the *White Man's Bible* ² - and it's basic goal is not only the survival of the

White race... but also its expansion and advancement.

Since in this short dissertation, it is impossible to give the full basis of our religion - even in short summary - we must continually refer you back to our bible, namely *Nature's Eternal Religion* - a book consisting of 508 pages and 49 chapters.

Why are we so concerned about the survival of the White race!? basically, there are two overwhelming reasons: One - the White race is rapidly shrinking to extinction; and two - we are proud members of nature's most distinguished, intelligent, productive and creative species.

We are talking about our own survival... - the survival of the White race.

There are many other reasons we could cite: such as the preservation of civilization and everything else that is worthwhile in life. But all these other reasons become secondary.

First and foremost, we of the Church of the Creator are concerned about the survival, expansion and advancement of the White race for its own sake... - period! The sum total of all our efforts and dedication evolve around that central issue.

As soon as we begin to logically and calmly examine the impending destruction of the White race, our enemies immediately bristle and hurl at us all of the time worn clichés and inflectives of "racist," "fascist," "Nazi," and a host of others. It seems that if the Jews are loyal to Israel and to their race that is just wonderful... if the niggers organize for the sole interest of their race and shout "Kill Whitey"... that, too, is highly commendable!! If the Indians organize and commit atrocities... that, too, is to be praised... - for isn't the White man responsible for everybody else's shortcomings, stupidities and their inability to cope!? - to which I say emphatically: "No! we are not responsible for the shortcomings, defects and stupidities of the niggers and their historical inability to create a civilization... - nor to maintain it even when the White man has brought it to them. Nor are we responsible for the coloured mud race's inability to cope with the problem of feeding themselves above a starvation level. In 6000 years of recorded history, the Blacks of Africa have never even so much as invented the wheel, a written alphabet, or much of anything else."

No. - we are not responsible for that. Nature made them dumb, shiftless and lazy. You can take the nigger out of the jungle... but you cannot take the jungle out of the nigger.

It is not our responsibility to compensate for their defects... nor is it our duty to incorporate them into our society... or into our race... and thereby poison our racial bloodstream.

On the contrary, the highest law of nature commands us to make every effort for our own race to survive, to expand and advance the genetic qualities of our future generations.

There is a sinister race on the face of the earth that is working feverishly for the mongrelization and final liquidation of the White race! It is a tribe that is fanatically loyal to its own and fiercely hostile to all other races. That tribe is the **Tribe of Judah**.

The Jewish race has frantically been striving for the last several thousand years towards its ultimate goal: the genocide of the White race.

As far back as 3000 years ago, during the days of Solomon, the rough outlines of a Jewish conspiracy were hatched - in which the final goal was enslavement of all the other peoples of this planet... and the possession of all the wealth, riches and natural resources of the world.

In the ensuing 3000 years, the Jews have progressed steadily towards that goal... and are now on the threshold of total success.

For a more detailed history of the Jews and their conspiracy, read Chapter 6 of *Nature's Eternal Religion*, entitled *Masters of Deceit - a short history of the Jews*.³

"How?" you might well ask could the Jews possibly succeed in perpetrating such an outrage on the rest of the world!?

"How!?" - especially on the White race, which is highly intelligent, creative and productive!? Again, for the full story, we must refer you to *Nature's Eternal Religion*. But we can sketch a few of the significant factors in this limited discussion.

For one thing, the Jews would never be able to get to first base, if it weren't for certain serious idiosyncrasies in the White race itself. The Jews are extremely skillful mind-manipulators. They are tremendously *expertized* at spreading lies and compounding confusion. They are the historical masters of deceit. In their conspiracy to confuse, deceive and control the mind of the White man, they have had some incredible help from the White man himself.

The best help the Jew has had are two suicidal weaknesses inherent in the White man's make-up... namely his gullibility and his susceptibility to superstition.

It is one of the strange paradoxes of history - that whereas the White man is the most intelligent, creative and productive creature on the face of the earth, when it comes to being able to recognize his enemies and fight for his own survival, the White man is the most stupid creature on the face of the earth!!! - and therein lies his Achilles' heel... which the Jews have exploited to the hilt.

There are other weaknesses from which the White man suffers that have been of tremendous help in the Jewish program of enslavement. Some of these are the White man's naive sense of fair play, his sympathy for the underdog, his extraordinary and exaggerated sense of compassion, his inability to realize his own outstanding worth... but far more devastating has been the White man's fatal susceptibility towards superstition, gullibility, and a strange inability to recognize his mortal enemies.

Let us remember these two words: *superstition* and *gullibility*... - they go together. Superstition deals with believing in the supernatural - spooks, spirits, gods, devils, angels, witches, fairies, gremlins, ghosts, *et cetera*. gullibility refers to foolishly believing in things that aren't so... without

bothering to check for evidence. These two debilities of the mind - gullibility and superstition - are the basis of almost all religious faith that have ever been invented and perpetrated on a long-suffering humanity. If you can get people to believe in spooks in the sky... then they are often more real to believers than the real world. Furthermore, in their fantasy, the spooks often become more important to people than the real world. They also become an extremely powerful weapon in the hands of con artists in controlling the masses of their gullible believers. It is very similar to scaring little children with a bogey man...! If they believe... then they are as afraid of an imaginary bogey man as if he were real. Believing in a fantasy makes the fantasy as real to the believer as reality itself - and often even more-so.

The point is... that the imposter who claims to be in with and have influence with spooks in the sky... has a powerful weapon in his hands with which to frighten and manipulate the minds of his gullible victims. And so it has been throughout the history of mankind.

A book I have read shows that people have invented more than 30,000 gods and goddesses that gullible and superstitious fools believed in even before the Jews invented their particular versions of Jehovah, Jahve, Jesus Christ, the Holy Ghost, Satan and a host of other imaginary spooks.

The Jews and their search for how to control and manipulate people's minds discovered early in their history what a powerful weapon spook-craft or religion was.

They utilize this discovery to its fullest in two directly opposite ways: They invented Jehovah... as their own private god... to bind their own people together into a fanatic racial loyalty such as the world had never seen before or since! They invented **Christianity** with its built in suicidal teachings to confuse, debilitate and destroy their enemies. How effectively they did so we shall soon see...

During the early centuries, in the rise of the great Roman civilization, **Rome** fought and overcame its many surrounding enemies. As Rome expanded, one of the greatest threats and its most dangerous rival was **Carthage**, who had established a powerful empire on the southern shores of the Mediterranean directly opposite from Rome.

For 120 years, these two rival nations intermittently fought each other in three major wars⁴ in a life-and-death struggle. Finally, when Rome triumphed, they leveled Carthage to the ground, killed the men and sold the women and children into slavery. Carthage was wiped from the face of the earth...! and was never again to rise as a threat to Rome.

A few centuries later, in the year 70 A.D., the Jews of **Judea**, rebelled against the Roman authorities...⁵ **Emperor Vespasian** sent **General**

Titus to **Jerusalem** with a few Legions. In a siege similar to Carthage, General Titus devastated the Jews, leveled Jerusalem to the ground, and either dispersed, killed, or sold the population into slavery.

Now we would think that in a fate similar to Carthage the Jewish threat would have been liquidated forever and wiped from the face of the earth! But not so... - on the contrary... history shows the Jews survived and the Romans as a race perished...!!

The Romans declined rapidly after they embraced Christianity... while the imported slave populations multiplied rapidly and replaced the original Roman stock.

By the year 476 A.D., the Roman Empire collapsed miserably and the original Roman racial stock, for all practical purposes, can be considered extinct.

The Jews had their revenge... they had destroyed miserably and completely the Roman race, the Roman Empire, and the great Roman civilization - for all of which they harboured an intense and pathological hatred.

How did they accomplish this!? They knew they could not overcome the Romans in open combat... in which the Roman's excelled and the Jews, in any case, are physical cowards... being a parasitical race and extreme masters of deceit, they decided to employ their special weapon... namely, mind-subversion.

They decided to destroy the Romans by deranging their brains - and they decided to employ religion as their most powerful weapon with which to warp and cripple the Roman mind.

They decided to take full advantage of those two weaknesses to which the otherwise intelligent White man is so susceptible... namely, gullibility and superstition.

They invented and hoisted upon the Romans a new and suicidal religion: **Christianity** - a religion that has plagued and crippled the White man's thinking to this very day. It's founder, supposedly, was one **Jesus Christ**, who, according to Luke 2:21, was a circumcised Jew.

What is about Christianity that is so devastating and suicidal so as to cause the break down of the great Roman civilization? and plunge the White race into the Dark Ages of superstition and ignorance? poverty and misery... for the next thousand years!?

If we examine the New Testament, we don't have to go far from its original first few pages to find out. In the **Sermon on the Mount**, Matthew 6,7 and 8, we find **a mythological Christ** dispensing the following suicidal advice:

Sell all thou hast and give it to the poor!

Love your enemies!

Turn the other cheek!

Resist not evil!

Judge not!

There is more real bad and suicidal advice that if followed must surely lead to self-destruction and extinction of those that take such idiotic advice seriously.

Let us examine a little more closely just how crazy and just how destructive the above five teachings really are.

Let us examine the idea of "**sell all thou hast**

and give it to the poor." If everyone was a so-called good Christian and followed that advice from their early youth... there would be no one that would ever build a business, build a home or build a family. As soon as they had earned two dimes to rub together... they would immediately transfer such to the freeloaders, parasites and the niggers who would be there waiting to relieve the working White Christian of his hard-earned savings. More likely still, the Jew who doesn't believe in such nonsense would beat the other parasites to the punch in relieving the foolish but gullible White man of his earnings and property.

A fool and his money are soon parted.

In any case, if we were all good Christian chumps there would be no substantial citizenry left who could support the building of roads, harbours, airports, cities, homes, industries, factories, or anything else.

We would, in fact, soon be reduced to a straggling-herd of meandering bums... without money, without homes, without industry, without jobs, without food. Civilization would break down and be reduced to primitive barbarism.

Or let's take the idea of "**loving your enemies.**"

If you haven't fallen for the first piece of bad advice, foolishly giving everything away to the freeloaders... but were gullible enough to succumb to the idea of loving your enemies! - the end results would be the same... - suicide and destruction of yourself.

If, instead of giving it away, you did manage to accumulate a home and some property, you would in short order be beset with thieves, pirates and robbers, who would quickly relieve you of your money, your home and any other belongings. Why wouldn't they? You love them - and, especially, since such victims would also be imbued with the stupid Christian idea of "**turning the other cheek**" and "**not resisting evil**," the robbers would have a field day... and you would be right back where you started... with nothing. You might as well have stuck with the first suicidal concept and given it all away in the first place! The end result would be the same... - you end up with nothing. The Jews and the parasites end up with the hard-earned fruits of your labour.

There is much more bad advice in the Sermon on the Mount... for a fuller examination, read Chapter 13 of *Nature's Eternal Religion*, entitled *The New Testament*.

Suffice it here to say that any reasonable and intelligent analysis of the bad poisonous advice that is interlarded and interlaced throughout the New Testament always leads to the same inevitable results... - the end result is self-destruction and suicide.

We might well ask "Why would anyone be stupid enough to want to buy such a load of garbage?" It is incredible that anybody would. But we come back to those two mortal failings of the White man's mind - namely, gullibility and superstition. And the treacherous cunning Jew plays on those weaknesses to the hilt.

Strange and incredible as it may seem... the Jews were successful in peddling this suicidal new religion to the Romans - and their rapidly mongrelized and deteriorating offspring of imported slaves.

History tells us that the Romans bought this garbage of Christianity from the Jews - in fact, Emperor **Constantine** - himself a treacherous criminal who murdered his own wife and son... among many others - and who was later canonized

⁴ The three **Punic Wars** between Carthage and Rome took place over nearly a century, beginning in 264 B.C. and ending with the destruction of Carthage in 146 B.C. In the Third Punic War, the Romans, led by **Scipio the Younger**, captured and destroyed the city of Carthage in 146 B.C.

⁵ **First Jewish-Roman War** (66-73 CE), sometimes called **The Great Revolt** (Hebrew: המרד הגדול *ha-Mered Ha-Gadol*), was the first of three major rebellions by the Jews of Judea Province (Iudaea) against the Roman Empire. All three walls of Jerusalem were eventually destroyed as well as the Temple and the citadels; the city was then put to the torch, with most survivors taken into slavery; some of those overturned stones and their place of impact

can still be seen.. For centuries Jews have gathered at the remaining portion of the Western Wall, or "Wailing Wall" to lament the loss of their temple.

as one of the saints of the Roman Catholic Church. In the year 313 A.D., he decreed that Christianity was now the official religion of the Roman Empire to the exclusion of all others.

By the year 476 A.D., the Roman Empire had collapsed completely. The suppurative White Roman race who produced the most splendid civilization in the Golden Age of Classical History, and perhaps to this very day, was for all time wiped from the face of the earth.

The Jews did it by feeding the Romans a suicidal new religion... the Romans bought the new poison hook, line and sinker... and the victims died from it.

The Jews had their revenge.

The collapse and destruction of the Roman Empire is undoubtedly *the most colossal tragedy in the history of the White race*. The original Romans exemplified much that is best in the White race. They were a brave and noble people. **The Romans** were creative builders and organizers... they were resolute and tenacious... strenuous and Indefatigable. Daunted by no reverses or misfortune... they never admitted defeat... having a strong sense of discipline and duty. They were clear-headed, businesslike and efficient; and, finally, they were not a mere fighting race... but one gifted above all others, with a genius for consolidating and organizing - and for the forming and administering of laws.

Their civilization lasted for 1000 years...! It left the White race a proud legacy of laws, customs, art, sculpture, language, architecture and government, that persist to this very day.

Our debt to the now extinct Romans is very great indeed.

In contrast to the Romans, the Jews were the very opposite - they never built any civilization, created no art, architecture, sculpture, or anything else of value... yet the Jews are the oldest surviving race in the world today,⁶ who have appeared and reappeared in the histories of all great White peoples, such as the Egyptians, the Greeks, the Romans, *et cetera*... for the last 5000 years.

Their most preponderant characteristic has been their cunning and deceit in boring into the vitals of other nations, sucking out their life-blood and destroying them. They are doing just that to the productive White race today, here in America and the rest of the world.

Since the White race as a whole, especially here in America, is the victim marked for mongrelization and destruction... it behooves us to seriously study our tormentor and find ways and means of warding off the suicidal path on which we, the White race, are now programmed.

First of all, let us analyze why the Jews have survived for 5000 years, when more intelligent, more healthy and powerful nations such as the Romans did not survive. **Why did the Carthaginians disappear from the face of the earth? when Jerusalem suffered a similar fate but the inferior Jews survived to destroy the Romans?**

There are many reasons for this... - but the overwhelming reason lies in the Mosaic religion of the Jews, which is tailor-made for this parasitic race. The Mosaic, or Judaic religion, had bound the Jewish race together in a fanatic loyalty that has not

been matched by any other people. It has done more than that... - it has given them a purpose and a program that they have pursued tenaciously for the last several thousand years. In essence, that program is to garner under the Jews all the wealth and riches of the world and to subjugate all other peoples as slaves to do their bidding.

A tall order... but they have been extremely successful and are nearing their ultimate goal. Their Mosaic religion has done more... - it has given them a philosophy which has been the core around which they have rallied throughout their long and tumultuous history. Stripped of all the window dressing, that creed essential boils down to this: "What is good for the Jews is the highest virtue. What is bad for the Jews is the ultimate sin." Nothing else matters...! the survival and welfare of the Jewish race above everything else.

The Romans, on the other hand, had no such religion...! True, they had a confusing array of gods: Mars, Jupiter, Mercury, Venus, and a host of others... but they meant little to unity or stability of the Roman race. They gave the Romans no particular creed, no goals, no program, no purpose... - their religion was nothing more than a superstition! and indulgence in a world of fantasy. Above all, it did not promote racial loyalty! - the one ingredient that must be the core of any creed for the survival of a race.

Having no serious or worthwhile religion of their own, the Romans were highly vulnerable to the cunning of the treacherous Jews who, as we have stated before, are histories masters of deceit and the most insidious and crafty mind-manipulators the world has ever known.

The Jews had one other advantage... unlike Carthage, they were not concentrated in a Jerusalem or even in a Judea. They were dispersed all over the Roman Empire, parasitically feeding especially on the trade routes and centers of commerce. They dominated the money market, the slave trade, and many other nerve centers of power. Above all, they stuck together like glue.

Since the Romans had no good religion of their own... and were therefore highly vulnerable... they Jews went about their destruction with a vengeance. **They invented Christianity soon after the destruction of Jerusalem, in 70 A.D. They invented the horrible concept of "Hell" - like the bogeyman we described earlier - to terrorize and panic their foolish victims into submission.**

With these formidable weapons, especially the fear of hellfire and torture, they wreaked havoc on the superstitious and gullible. The victims swallowed the whole package... including the suicidal concepts of "sell all thy hast," "love your enemies," "turn the other cheek," "resist not evil," "judge not," and a whole passel of other idiotic and suicidal advice.

The befuddled Romans, who in their past history had been realistic, down to earth, taken good care of their affairs here on earth - the only place man has been known to live - now lost their sense of reality! Instead of pursuing their earthly duties... as Christians, their minds now meandered in a fantasy world of spooks... - their empire, their civilization, and their race went down the drain... - down the sinkhole of history never to rise again... with the Jews in control of the wreckage.

1500 years later, the Jews are still in control of the White race... even after having subjected us to 1000 miserable years of the Dark Ages .

We are still stuck with the same suicidal religion that warped the brains of the Romans... and orbited their minds into the unreal world of spooks.

In the meantime, the Jews have strongly consolidated their gains. Over the centuries, they have either strengthened, or added to their arsenal of weapons with which to exploit and control their victims..

Some of these tools, other than religion are:

First, **money**: The Jews control the gold, finances, the banks, stock exchanges of the world.

Second, **propaganda**: The Jews control the newspapers, wire services, television networks, movies, book printing and distribution, magazines, and every other meaningful facet of the news and influence-wielding media, both here in the United States and throughout the world.

Third, **education**. How the Jews control and blanket our educational institutions is too broad a subject to cover here... suffice it to say that they coerce our children by force of law to attend... then indoctrinate and pollute their impressionable young minds with destructive and depraved Jewish ideas... most of which will lead to race mixing! and the racial poisoning of our future generations.

Fourth, **government**. Having control of the nation's finances and news media, they can control our government and are all over it like a swarm of locusts. This applies to all governments of the world. Their most usual trick is to have some White Gentile yokel, preferably Anglo-Saxon, as front man - and have him surrounded by the real manipulators of power - all Jews.

If we take a look at the bureaucrats in control in Washington as of the summer of 1975... we find **Gerald Ford**,⁷ a White Gentile acting as a stooge and front man... he is surrounded by ☆ **Henry Kissinger** - a Jew who is Secretary of State and also the Director of the National Security Council - in these two offices, the fate and national security of the nation hangs in balance... yet it is in the hand of a Jewish Communist traitor! whose loyalty is to Israel, to communism, and to the Jewish worldwide network. But this is only the beginning... the head of the Defense Department is a Jew by the name of ☆ **James Schlesinger**. The head of the Treasury Department is a Jew by the name of ☆ **John Simon**. Chairman of the Federal Reserve Board is a German-born Jew by the name of ☆ **Arthur Burns alias Bernstein**. Ford's financial advisor is a Jew by the name of ☆ **Seidemann**. The Federal Insurance Advisor is a Jew by the name of ☆ **Bernstein**. Press Secretary to the President is a Jew by the name of ☆ **Ron Nessen**. Ford's Chief Speech-writer is a Jew by the name of ☆ **Freedman**. Head of the Economic Council is Jew by the name of ☆ **Allan Greenspan**. Secretary of Health, Education and Welfare is a Jew by the name of ☆ **Casper Weinberger**. The Attorney General's Office is in the hands of a Jew by the name of ☆ **Edward H. Levi**. Even Betty Ford's personal secretary was a Jewess by the name of ☆ **Sheila Weidenfeld**.

They make sure they have all the bases covered... - and leave no nerve center of power

⁶ According to Benjamin Freedman, **The Case for the Khazarian Jews** (op. cit.)... the Jews of today are Khazarean and not descended from the Hebrews of old, whom are extinct.

⁷ After **Watergate** had emptied many of Nixon's offices in Washington, **President Gerald Ford** began his term by pardoning former-President **Richard M. Nixon** for his crimes against the people of the United States.

occupied by one not of their tribe. The cast of characters changes constantly - *and has changed by now (i.e. the first publication of this document in 1975)*. But it is always a Jewish cast!

Now, so far, we have been analyzing the [Jewish] problem. But what is the solution to the disastrous and sinister calamity which the White race finds itself botched into today? Are we doomed to mongrelization and extinction? the Jews have scheduled for us like they did the Romans!? Or is there any hope whatsoever? that the White race will awaken, shake off its stupor, organize and forcibly seize control of its own destiny?

We at the Church of the Creator say: that "we can free ourselves from the sinister vice which we are now locked - and that we can regain control of our own destiny. We must!!! It is a matter of life-and-death!!!"

That we are in a horrible dilemma there is no doubt. In 1920, the White race of the world was outnumbered only 2-to-1 by the coloured and mud races of the world... today - i.e. 1975 - it is outnumbered 12-to-1 and rapidly shrinking while the mud races are exploding at an unprecedented rate, engulfing the White race even in their traditional homelands, such as America and England.⁸

The Jewish United Nation gleefully predicts that in another generation the White race will be outnumbered 49-to-1. At the rate we are going that will most surely happen... and by that time it will be too late.

Reduced to impotence, the White race will be mastered by the floodtide of mud races at a given single from the Jews. **For generations the mud races have been goaded and incited to hate "Whitey"** all over the world and will be eager, ready and willing to slaughter us as soon as they have the upper hand - and especially as the struggle for food becomes more critical.

We of the Church of the Creator are convinced that we can stave off this horrible disaster - and we have the creed and the program to do it with...! Had the Romans possessed it... the Jews would never have had a chance.

Had the Romans a racial religion, like Creativity, instead of their meaning less gods and spooks... what a different world this would be today. Instead

7.04% Arabic (701,956,962); and

4.06% American Indian/Mestizos (405,162,160).

By **2060** the world population will be 10,582,891,643...

28.98% Central Asian (3,067,437,046);

25.38% African (2,685,539,970);

16.77% East Asian (1,774,886,224);

9.76% European (1,033,276,924);

8.09% South-East Asian (856,605,247);

7.02% Arabic (743,372,423); and

3.99% American Indian/Mestizos (421,773,809).

Using 2010 as the base reference the Blacks or Sub-Saharan Africans will expand almost 133% to 2.7 billion by 2060. By the middle of this century Blacks will represent 25.38% of world population, which is up dramatically from 8.97% recorded in 1950.

The 21st century is shaping up to be the status reversal of Whites and Blacks... and the Indian baby boom. The Whites will assume a single-digit minority role! Of the seven population groups studied **only Whites are projected to sustain an absolute decline in population growth.**

In 1950 Whites and Blacks were respectively 27.98% and 8.97% of world population... by 2060 these figures will almost reverse as Blacks surge to 25.38% and Whites shrink to 9.76% of world population. From 2010 the White population will decline while Blacks will add 1.2 billion to their numbers.

In this time frame the Indian subcontinent will gain 1.2 billion people.

These subhuman groups and their governments will be looking for "living room" in Europe and especially in North America. With the diminishing presence of Whites in counties like Canada, the United States, New Zealand and Russia, their governments - as they already are - will be pressured by groups like the Communistic European Union into accepting more-and-more refugees as replacement populations.

of a world rapidly degenerating into chaos flooded by a starving mass of mud people who cannot cope in a world exploited by the Jewish network... we would today have instead a beautiful world populated by a creative, productive, culture-loving White race.

It would be a beautiful world minus niggers, Jews, or hoards of subhuman mud races. The genetic, cultural and technological progress that would have evolved in the ensuing 1500 years since the Romans perished would be a marvel to behold. Something that can only tax our wildest imagination...

Such a world as the Romans would have built... had they marched forward with a strong racial religion - the goad of the Church of the Creator.

It is not too late. What we need today is a completely new direction. A powerful new religion for the White race. A religion based upon this superlative values of our race. In Creativity we have such a religion.

The central core of our religion - Creativity - is a survival, expansions and advancement of the White race and the White race alone - to the exclusion of all others.

We are taking the most salient page from the history of the Jews... - the **Golden Rule of the Church of the Creator** reads: **What is good for the White race is the highest virtue... [and] what is bad for the White race is the ultimate sin - period!!**

Organized and united, the White race is ten times more powerful than all the Jews, niggers and mud races of the world combined.

We of the Church of the Creator mean to organize that awesome potential of White power... for the benefit of the White race. We mean to put every White man in the position where he will have to openly take a stand...either for the White race by word, deed and action... or be exposed as a dastardly traitor to his race. There will be no Mr. In-betweens.

Whereas it is quite impossible to set forward our entire creed and program in this limited dissertation... we want to urge you to read and re-read the bible of our religion - *Nature's Eternal Religion*.

It consists of 508 pages and 49 chapters... it is divided into two parts...: The first half is entitled *The Unavenged Outrage* - and sets forth the problem; the second half is entitled *The Salvation* - and blueprints the solution to the problem. The whole book can be considered the creed and program of our religion... namely, Creativity.

I have said that it is the core of our creed to advance the welfare of the White race, to expand it until we ultimately inhabit all the good land of this fertile planet. And above all - to keep our race pure - to advance it to ever-finer genetic levels.

In now ay does this imply waging wars of extermination against the mud races... should this be your impression. Nor do we want to enslave any other race... - we mean to pursue the same program of expanding the White race as the White race pursued in the winning of the West and the building of America.

We mean to apply the American way to the winning of the world. The essential part of our program is **racial loyalty** - providing for the best interests of our own people - the White race.

It is our unalterable mission to stop subsidizing, feeding, aiding and abetting the scum and parasites of the world that are now devouring our productivity and consuming our largesse.

Just as the inferior American redskins were not able to compete with the White settlers, so the mud people of the world are not able to compete. It is only because of Jewish control and the perverted sense of confused loyalty that the White race is now shrinking its own, feeding and expanding the mud races to where the very survival of the White race is now in dire jeopardy. **It is stupid, idiotic, and suicidal to shrink our own and expand our enemies.**

We of the Church of the Creator mean to reverse this process... we mean to practiced White teamwork, racial loyalty, to expand the White race and shrink the numbers of the mud races by letting them shift for themselves. We mean to expand our numbers and our territory in the same way the White man did throughout the world during the 16th, 17th, 18th and 19th centuries...

The first phase of winning our fight for survival lies in bringing the White man's thinking back to sanity. The biggest obstacle we have to overcome is not the Jews, the niggers and the other mud races... but first of all straightening out the White man's confused thinking.

In order to survive the White race needs a new creed... a new philosophy... in short, a completely new religion. The White man's thinking must shake off the Jewish cancer that has beclouded his mind for the past two thousand years... and face reality. That is what the religion of Creativity is all about. It is based on reality... it is not based on pie in the sky when you die nor fry in the sky when you die, nor is it based on a fantasy world of spooks in the sly... to whom we might vainly implore, plead and pray for our welfare.

NO! we are done with all that superstitious and primitive nonsense... and throw it all overboard. **Our religion is based on reality... - the laws of nature which are eternal, are real, which always have been the same and always will be.**

And one of the highest laws that nature has spelled out to us, as to every other creature, is the survival of our kind. This law transcends all others. Had the Romans realized this... had they kept their race pure and pursued the survival, expansion and advancement of their own race... this would be a far better and superior world today.

There is much more to our program and creed - there are the sixteen commandments of the Church of the Creator. There is the program spelled out in the chapter entitled *The Road to Greatness*. There is a picture of a bright new world of the future toward which we are striving. It is all contained in our bible - *Nature's Eternal Religion*.

I urge you to not only read it... but study it daily. There is much to be done if our great people are to survive. The first constructive thing you can do is to avail yourself of the book, read it and then distribute it among your White racial comrades. The next thing you can do is to organize.

Well! read the whole program in the *White Man's Bible - Nature's Eternal Religion*.

Remember - to be skeptical and of an enquiring mind is no vice. To be gullible and superstitious is no virtue.

And may today be the day when you take a stand for the White race, when you dedicate yourself and your future to the building of a Whiter and brighter world tomorrow. Thank you.

The Sixteen Commandments of the Church of the Creator

- I. It is the avowed duty and holy responsibility of each generation to assure and secure for all time the existence of the White Race upon the face of this planet.
- II. Be fruitful and multiply. Do your part in helping to populate the world with your own kind. It is our sacred goal to populate the lands of this earth with White people exclusively.
- III. Remember that the inferior colored races are our deadly enemies, and the most dangerous of all is the Jewish race. It is our immediate objective to relentlessly expand the White Race, and keep shrinking our enemies.
- IV. The guiding principle of all your actions shall be: What is best for the White Race?
- V. You shall keep your race pure. Pollution of the White Race is a heinous crime against Nature and against your own race.
- VI. Your first loyalty belongs to the White Race.
- VII. Show preferential treatment in business dealings with members of your own race. Phase out all dealings with Jews as soon as possible. Do not employ niggers or other coloreds. Have social contacts only with members of your own racial family.
- VIII. Destroy and banish all Jewish thought and influence from society. Work hard to bring about a White World as soon as possible.
- IX. Work and creativity are our genius. We regard work as a noble pursuit and our willingness to work a blessing to our race.
- X. Decide in early youth that during your lifetime you will make at least one major lasting contribution to the White Race.
- XI. Uphold the honor of your race at all time.
- XII. It is our duty and our privilege to further Nature's plan by striving towards the advancement and improvement of our future generations.
- XIII. You shall honor, protect and venerate the sanctity of the family unit, and hold it sacred. It is the present link in the long golden chain of our White Race.
- XIV. Throughout your life you shall faithfully uphold our pivotal creed of Blood, Soil and Honor. Practice it diligently, for it is the heart of our faith.
- XV. As a proud member of the White Race, think and act positively, be courageous, confident and aggressive. Utilize constructively your creativity ability.
- XVI. We, the Racial Comrades of the White Race, are determined to regain complete and unconditional control of our own destiny.

To the fulfilment of these religious beliefs, we Creators forever pledge our Lives, our Sacred Honor, and our Religious Zeal.

Will the White Race Survive?

Dr. David Duke
(2010)

The Associated Press just reported that Whites are now a minority of those being born in America.

European American babies are less than 5 out of every 10 babies born - and are projected of being less than 1 out of 10 in just a few decades.

This differential in birthrates, coupled with massive illegal immigration, which is almost entirely non-European, and legal immigration, which is over 90% non-European, means that unless a political sea change occurs... White Americans will not only be a minority in the nation our people founded... but a tiny minority well on its way to political and physical obliteration by the end of this century.

Think about it... - a great people exemplified by men such as George Washington, Thomas Jefferson, Robert E. Lee, Teddy Roosevelt, Daniel Boone, Davy Crockett, Henry Ford, Thomas Edison... is now on the path to oblivion.

White babies are now part of an endangered species in the country that their own ancestors created.

The preamble of the constitution of the United States clearly says its purpose...: [] "to secure the blessings of liberty for ourselves and our prosperity." But the prosperity of Washington and all the founders of America are being wiped out in their own nation! and in the larger sense... from the very face of the earth!!

Notice how Europe and America are the light of the world.

You know... it seems almost superfluous to recount the achievements of the European and American people. The genius of creating electricity, *for example...* - the power that drives your computer... and the electric lights that have lit the world's darkness (*see image above*) were invented by our people.

The computer devices that you are using right now to watch this video were the product of the genius of **Dr. William Shockley** - Nobel Prize winner for the invention of the transistor - and the genius of **Dr. Robert Noyce** who invented the silicon chip.

I was honoured to have known Nobel Prize winner Dr. William Shockley... and lucky that he

called me "friend." He warned the world years ago about the crisis we now face. As a very young man... forty years ago... I was scorned when I warned America that we would become a minority in our own country! I now tell you that we will not just become a minority - but a vanishing minority by the end of the century unless we stand up now with courage and sacrifice.

As recently as the 1960s Whites were still 90% of America's population. Since that time Whites have lost many of their basic human rights! Tens of millions of Whites have been forced out of public education because forced immigration has made a wasteland of schools in many major cities. When I attended public schools in New Orleans the most serious offenses were chewing gum or being out of class without a pass... and now... drugs, weapons, beatings, even rape.

Many cannot afford to move to different areas or send their children to private or church school - and too many of our kids are now suffering a living hell in an environment more like a nasty, violent, drug-filled gangsta-rap reality show rather than a decent public school.

Once upon a time schools were like those in *Leave it to Beaver*... "What happened?"

Some call it racist to even point out the hard fact is Black juveniles are ten times more likely to be criminal - to beat, to rob, to kill, to deal drugs... - are facts racist, too!? are White parents racist because they don't want their children to go to school where they are 10 times likely to be robbed or abused, intimidated, beaten, or even killed or raped!?

A school where obscenity, drugs and violence and gangsta-rap are the dominant culture. - where sexual intimidation... obscene and crude language, even sexual assault, is pervasive. Schools that academically resemble more the Third World than America.

I know some of you don't worry about the White children in those environments... its considered noble to concern yourself with the well-being of minorities. Even at the farthest ends of the earth. But if your White...! and you concern yourself with the well-being of your own people... even your own children... you are deemed a "racist."

But the real racism today is not by White people... its against White people. Today Whites face massive racial discrimination in jobs, promotions, college admissions and scholarships. Even though Whites are still 70% of the population.

The universities of America's new elite, like Harvard, are only about 20% composed of non-Jewish Whites.

The government's biggest employer - the Post Office - has so much anti-White racial discrimination going on that Blacks are at least three times over-represented in employment. For instance, in Chicago, where Blacks are only 18% of the workforce... they are 80% of the secure, well-paid Post Office jobs!

Many old neighbourhoods of safety and beauty and well-kept lawns and gardens have been transformed. Once wonderful and vibrant cities like Detroit now look like - *well* - they've been in a war... a war that we lost.

The same that's true in Detroit is happening in London and Paris. The news just came out in Paris that in this jewel of western civilization and culture, non-Europeans are now the majority of those born, just like in the U.S. Some suburbs of Paris look more like Nigeria than France! And some areas of quaint old London of Dickens... in some areas, the

Britain is the one looking like a foreigner and is treated like a trespasser!

Funny those who object are called the racists - the haters.

But look at the reality of it all... you want to see real hate and real brutality... go to the demographic areas reflecting the new America... the new Europe...: drugs, brutality, rape, massive abuse of women, murder... the real racists are those who hate European people... so much... that they are engineering our genocide.

America and Europe are just a tiny percent of the planet... why are we not accorded the right to preserve our heritage, our culture, our faiths, our values, even the unique expression of our beauty!?

The world's media let out the cry "Save Tibet" - Yes! do save Tibet... if Tibet endures massive Chinese immigration... - then the great cultural, ethnic and religious heritage of Tibet is lost forever - and the people of Tibet... and the world... will suffer from this loss.

But is the loss of Europe and America and the European people that created the wonders and beauty of western civilization any less valuable???

Save Tibet!? How about "Save Paris"... "Save London"... "Save Atlanta"... "Save the West."

We rightfully support every people's humans rights around the globe... but should people of European descent not be entitled to human rights as well!?

There are over 1.3 billion in China... and they are all Chinese... and they have almost no non-Chinese immigration. India has over 1 billion people... overwhelmingly Indian! Africa is teeming with Africans... and they have almost no immigration. There are dozens of mostly Amerindian or African nations in Central and South America and the Caribbean... and their populations are exploding. But we of European descent... were not even allowed to continue our existence as only 1/10th of the earth's people.

"We are told we shouldn't be concerned with our own existence!"

Genocide is the destruction or wiping away of any race or any people from the earth... - and we are being wiped away!

I support the preservation of all life on earth... you know, we must preserve the Blue Whales and the great African elephant... but is the true beauty of the European child or mother or adult any less important to preserve!? than an elephant or a whale.

I believe we have the right to live. I believe that we shall live - and that we shall be free - we shall not lose our precious rights and heritage... we are still the vast majority of our countries... we are like an elephant terrified by a mouse. We just have to raise our foot and put it down - and we will survive. - and we will create a new America and a new Europe based on excellence and beauty and creativity... and heritage! The real love that can come from hearts in a true family - a true brotherhood. I am dedicated to that survival of our people... - to a renaissance for our people.

Millions of people are waking up now across Europe... across America, Canada, Australia and New Zealand... - and among our beleaguered White brothers and sisters who face a violent genocide going on right now in South Africa.

Those of you who have the financial and political means to stand up for us... - when will you step up to the plate? We need you.

But we're rising. You can hear our footsteps... were beginning to march in tune with our history... courage and duty and love of our heritage... the best traits of our folk are coming alive in the great challenge of today. Our people are now answering the call of their heritage. They are throwing off the media lies and hate and propaganda - and standing up brave and bold for the truth!

Listen! you can hear the sounds of awakening. Not just in my voice... but in the beating of your own heart.

It is the aesthetics, the art, the music, the hopes and dreams of our people. It is in the wide-eyed look of our children's beautiful faces. They look to us...

We have a right to live! - and we shall live. Join us. Give your heart and abilities to your people.

We stand at the great crossroads... - for you and me and all those whom you love...

It is truly...: "To be or not to be."

We shall survive!

Paul Weston Asks: Are You a White-hating, Left-wing Racist?
(31 July 2015)

LibertyGB

A racist! are you one? I do hope not because to be a racist is not only deeply unpleasant... its also the number one original sin for the 21st century. If your labeled a racist, you are shunned by society, could very well lose your job or even get banged up at Her Majesty's pleasure. So being a racist is a very bad thing - as I'm sure we can all agree.

And this explains why all senior policemen, politicians, teachers, and social workers are all confirmed non-racists. Unfortunately though it also means thousands of White girls are gang-raped, drugged, tortured and abused under the noses of all these wonderful non-racists - because to mention that the gang-rapists might just be non-White or even, heaven forbid, Muslim... might bring with it accusations of racism - and the loss of their jobs or promotion chances.

Far better, therefore, in modern progressive Britain just to keep quiet about it. Far better to let the rape, the torture, and the terror continue.

Far better not to be a racist - in these perverted left-liberal progressive times... which really ought to make responsible people question just what it means to be a racist in the 21st century West.

You know, I looked up the Oxford English dictionary definition of "**racism**" the other day... which states: Racism is the belief there are characteristics, abilities or qualities specific to each

race. Well! how about that.

If you consider Kenyans make pretty good marathon runners - you're a racist! If you think West Africans are pretty good at sprinting - you must be a racist! - according to the dictionary definition. And if you think that Europeans are pretty good at inventing things which are useful in everyday life... like telephones or cars or fridges or airplanes or the internet or other such things... well, you are very definitely a racist!

And there is a second and final definition of "**racism**" in the dictionary, which is as follows: *It says racism is discrimination against or antagonism towards other races.*

Now this description really does seem to fit certain people's attitudes towards other races. How much racial hatred do you need to have in your heart, or what passes for your heart, if there is a Pakistani Somali, or indeed any sort of brand Muslim, you can happily rape White girls whilst calling them "White bitches," "White coffers," and "infidels."

Surely these rapes are race crimes carried out by genuine racists! aren't they!? Well... we all know the answer to that one.

When did you last hear a single politician, policeman or judge accuse these disgusting people or being racists? Never! is the answer to that foolish question.

And what a strange new world we live in now. Racists are deemed to be people like me...! who dare to notice the crimes carried out against us... as a race... by people from another race, who whilst carrying out their racial crimes are never themselves called racist because they have the privilege of a brown or a black skin!

Isn't this quite extraordinary!?

Isn't it a sign of a world gone mad...!? when policemen allow the rape of White girls by Brown men because they fear being called a racist for noticing the rape.

Isn't it a sign of national mental breakdown...!? when the evil racists are apparently, according to the entire leftist establishment, the White natives who wish to preserve their race and culture. And the apparent non-racists are those from another race who wish to harm our particular race and culture...!

But to go back to my opening question: Are you a racist? And yes... I'm talking in particular to left-liberal progressives here. - not to the people normally asked such a question... who, of course, are usually deemed to be ghastly right-wingers, *of course*.

And the reason I ask left-liberals this is because they cannot imagine - they cannot even begin to imagine that they, themselves, are racists!!! But they're quite wrong about this, just as they're wrong about pretty much everything else.

Well-known progressive leftist **Andrew Marr** of the BBC doesn't think he's a racist. But he also thinks that forced mixed-racial breeding between Blacks and Whites is a jolly good thing - only in the West, *of course* - because this would mean an end, *as he put it*, to the horrible, nauseating, oppressive White race.

But is this not real, genuine racism? Mr. Marr!?

Indeed, is it not in actual fact genocidal racism!? And there are lots of White anti-White racists like Andrew Marr. The BBC is chock-a-block with them... as are the teaching professions, the mainstream media, the councils, the social services and, *of course*, Hollywood.

The actress **Susan Sontag** said that "Whiteness is the cancer of human history." Is the lovely Susan

ever accused of racism? for having said such a wicked, evil and genuinely racist thing? Of course she isn't. Did she ever lose out on a film for airing such obscenely racist views? don't make me laugh.

And recently, a Miss **Bahar Mustafa**, the welfare and diversity officer for Goldsmith's University of London tweeted: "Kill all White men." Is she a racist? apparently not! according to the leftist BBC. Is she still the welfare and diversity officer at Goldsmith's University? Yes, she is!

Are we living in a progressive left-liberal insane asylum? Yes... we very definitely are.

I sometimes get involved in on-line arguments with half-witted and racist left-liberals... - and revealing their racism is really not very difficult.

The first thing I ask them is do they believe colonialism was a good thing or a bad thing! They always say "It's a bad thing," *of course*... what with all the rape and the murder and the Imperialism associated with colonialism.

I then ask them if allowing England to become colonized by the Third World is a good thing or a bad thing!? They make the usual dishonest leftist maneuvers when they're backed into a corner... they try to wriggle out of it... but if you press them they will almost always end up saying *that* "There's nothing wrong with the colonization of England... or France... or Germany... or Sweden... or Australia... or Denmark... or North America... because we all, now, have to pay for the perceived sins of our Imperialist forefathers - and it's now our turn to be colonized, raped, murdered and oppressed.

We must pay for the sin of being a member of the White race... *in other words*." But the people who think this is a desirable outcome aren't apparently racist! Really!?

I would rather suggest they're nothing but racist.

And the other approach I'd take with these wickedly racist left-liberals is to ask if Africans have the moral and ethical right to remain the majority race and culture in their ancient homeland!?

The progressive left-liberal, *of course*, thinks this is a good thing. As do I as it happens. But then when I ask if the English have the moral and ethical right to remain the majority race and culture in our ancient homeland!? They say "No... you don't... you deserve all you get for your historical sins."

And when I point out that this could mean the total eradication of the English over time... they just reply, "So what! White English deserve it."

And these people with their genocidically anti-White and hateful racist world view... - [*they*] don't consider themselves to be racists.. But can you, if you were a reasonably sane, moral, decent human being even begin to understand where their bitter hatred of their own people comes from? I can't. I think they must be clinically insane or just plain evil.

There you are... - welcome to the progressive western asylum, currently run by the leftist inmates rather than the apolitical doctors. And the progressive left have managed to make a total mockery of the word "racist" by using it with increasing desperation in entirely the wrong manner.

So I now accept the wholly false label of being a racist for pointing out that Pakistani Muslim gang-rapists are in actual fact Pakistani Muslim gang-rapists.

I accept the label of being a racist for wishing, quite naturally, morally and ethically, to preserve the English culture and people as a majority in England in perpetuity.

I understand fully why progressive leftists throw the "You are a racist" accusation around... because up until now it's created such fear it's shut down all argument around it... just as was intended.

But who is morally and ethically right and wrong here? Normal, decent, natural people like me...? or wicked left-liberals who try to demonize us with a word designed - completely designed to take away our only means of defense against our racial and cultural destruction.

There should be no fear of the word "racist" anymore, when its only use is to shut down good moral people - because the truth... the absolute truth... is that it is not racist in any way to notice evil deeds carried out by evil people. Nor is it racist to preserve your culture and people.

But what is deeply, obscenely racist is the progressive left who wish to harm the European race today for historical sins that "we" never committed. And this is more than just racism... its genocidal racism - and those guilty of it are only on the left.

You wicked, unnatural, perverted left-liberal progressives need to take a long look at the malignant and racist evil within what passes for your souls. And if any of you ever like a public debate about your very obvious genocidal racism... do please get in touch with me. I'm sure millions of people would be very interested to hear such a discussion... although I won't be holding my breath, *of course*!

Muslims in EU Countries

Among EU member nations, Germany and France have the greatest number of Muslims.
